This Committee responds to the September 8, 2016 RFAI, with response due October 13, 2016, as follows: The expenditure identified was timely disclosed on the Committee's 6/18/16 24-hour report, which reported an estimated payment amount to the vendor at issue. After filing that estimate, the budget for the expenditure increased, and the Committee spent more than the estimated amount. On its July monthly report, the Committee reported the final payment amount for this expenditure, but broke that amount up into two separate items, to better reflect the separate dates and purposes; Transaction IDs SE24.85798 and SE24.85266 from the July monthly report are both part of the initial estimated expenditure.
