The committee is in receipt of your letter regarding the committee's "April Quarterly" that was inadvertently filed as the "M4."

We are in contact with Commission staff and are working on making the clerical correction. The incorrectly labeled "M4" report does, however, include all of the committee's activity from 1/1/20 - 1/31/20.

As soon as we are able to correct the report heading, we will re-file the report with the correct heading & coverage dates.

Sincerely,

Matthew Moran
Treasurer
