Identification Number: C00042622

Reference: August Monthly Report (7/1/07-7/31/07)

Response Due Date: October 1, 2007

This letter is in response to a request made by the FEC on August 31, 2007 for additional information/explanation regarding the August Monthly Report (7/1/07-7/31/07).

The following is a summary from the MRP after reviewing your request and our filings:

1. A contribution was made by Dola Hamilton Stenberg for \$15,000 on July 24, 2007. The excess \$5,000 was transferred into our State account on August 7, 2007. A copy of the transfer check for \$5,000 was mailed to Melissa Meyer

2. Concerning the disclosure of identification for all donors contributing \$200 or more in a calendar year. We have outlined our process for establishing "best efforts" below.

With each solicitation made by the MRP we include a form requesting full name, mailing address, employer, occupation and contact information. In addition to the space provided on our reply form for the above information, we include the following statement "In order to comply with campaign finance rules, we need your home address. For contributions of \$200 and above, we must also request your occupation and employer. Thank you for complying by completing the information below."

When a contribution is received by the MRP it is common practice for the check processor to double-check all information that has been provided on the original solicitation or the check itself is reflected in the record.

If there is information missing from the record, it is likely that contacting the individual by phone will allow you to obtain the information necessary at the time of processing. If this is not possible we proceed with the deposit and attempt to capture the required information in a written follow up request letter. An electronic record of all written requests is saved on the shared Party drive should there ever be a question of who has been contacted for information and also the date the request was sent. Follow-up letters are sent on a monthly basis, usually 5-7 days prior to the upcoming FEC filing, to ensure the return of the letters prior to the monthly FEC due date. In the follow-up letter we thank the donors for their recent contribution and clearly state our request for any missing information, as well as the requirements of the federal law stating they must do so. The follow-up letters asks they respond to us by faxing or emailing us the requested information. We find this method to be very effective and timely, receiving back information from a majority of the letters sent out.

As soon as the required information is received by the office it is entered in the individual's contribution record.

After the monthly FEC report is filed, should any additional information be received, it is again directly entered in the individuals' contribution record and updated to the FEC by filing an amendment of the report.

To date, any information received that was missing from the August Monthly Report at the time of the first filing has been corrected, additional information request 'phone calls have been made and additional information request letters are in the process of being mailed. An amendment of the August monthly report will be made before the due date of the
