RE: Reply to your letter of December 19, 2008 with regard to our 12-Day Pre-General Report (10/1/2008 - 10/15/2008) ID #C99002396

Dear Mr. Daniel,

I am responding to your above referenced letter to J. H. Versnel, our Treasurer since as President, I am the individual who spoke with you on the telephone with regard to this matter on October 20, 2008.

When the American Political Action Committee tried to file the referenced 48 hour report online in a timely manner the FEC program would not allow us to send it and gave us a message that stated "Out of Date Range". On October 20, 2008, I contacted the Federal Election Commission and spoke with you about the problem. You helped me and my assistant, Dana, over the telephone to access the area of the FEC program that would allow our data to show up in the 48 hour report so that it could be properly sent electronically. As our electronic filings should show that report was filed that day along with the next required 48 hour notice report thanks to your help.

Sincerely,

Alan M. Gottlieb  
President
