

In reference to your letter from February 25, 2009 regarding the information on our Schedule D, please be advised that all debts owed to our non-federal account was money used only for non-federal activity. That money was mistakenly deposited into our federal account instead of our state account. None of it was used in connection with any federal campaign. We are working diligently to pay the money back to our state account in the next couple of weeks. Much of the money was spent during the fall campaigns, but will be moved back as soon as possible.
