

Ryan,

With regard to the FEC's question about our Administrative services this is a response.

Our Administrative Services are handled for the most part by myself. I work from home and my salary includes overhead cost such as electricity, paper supplies and other bills incurred by Hoosier Pac.

The following people on staff work as consultants: Claudia Schiffer and Mark Walker

William Haworth is our accountant and USPS receives its checks for Post Office Box rental.

Other than that, there isn't anything else to speak of. I hope this clears up the FEC's inquiries and if you have any further questions or concerns, please do not hesitate to ask!

Sincerely,  
Chantal S Wienecke
