

This Form 99 is in response to an RFAI dated March 1, 2011. Due to administrative inadvertence and lack of communication between the PAC's accounting staff and the PAC representative responsible for Federal filings, the receipts were not disclosed at the correct time. Once the PAC representative learned of the receipts, the appropriate amendments were filed to disclose the funds. PAC representatives apologize for any confusion and will devise a strategy moving forward to ensure the oversight does not occur again. Thank you.
