October 6, 2011

Attention Bradley Matheson, Campaign Finance Analyst:

This is in response to your recent letter dated September 2, 2011 for the April Quarterly report (1/1/2011 - 3/31/2011). The report is being amended for the following contributor entries:

1) JL Davis Consulting (a sole proprietorship) was originally reported as a single entry of \$7,200 on 3/1 and then had corresponding memo entries showing the individual attribution to James L. Davis for the respective election designation amounts.

The amended report is now reflecting 3 separate entries from JL Davis Consulting so that it correctly matches with the individual attribution entries for James L. Davis.

2) Koontz Living Trust was originally reported as a single entry of \$5,000 on 3/30 and then had corresponding memo entries showing the individual attribution to Glenda Koontz for the respective election designation amounts.

The amended report is now reflecting 2 separate entries from Koontz Living Trust so that it correctly matches with the individual attribution entries for Glenda Koontz.

3) The Calvert K. Collins Rev Trust was originally reported as a single entry of \$7,500 on 3/30 and then had corresponding memo entries showing the individual attribution to Calvert Collins for the respective election designation amounts.

The amended report is now reflecting 3 separate entries from The Calvert K. Collins Rev Trust so that it correctly matches with the individual attribution entries for Calvert Collins.

With regards to the contribution from Richard H. Collins on 3/30/11. A memo entry was reported on the originally filed report indicating that \$2,400 was refunded to this contributor on 4/12/11. The contribution refund has also been properly reported on the filed July Quarterly report.
