

In relation to amendment #3 for the December 31, 2008 report, we disclosed the independent expenditures in support of Saxbe Chambliss for the special election. We entered the information in our system as "S2008" to indicate the special 2008 election. However, on the printed FEC-3X the "Special" notation is not on the printed form.

We also made a note in the "public note" section of our system that the above expenditures were for the special election.

However, if nothing in your files indicate the expenditures as being for the special election, please accept this as our disclosure of the expenditures as being for the special election.

Thank you
