This submission responds to the Commission's letter of September 25, 2025:

Please note that Massa for Congress has retained cash on hand due to pending legal matters that require a contingency fund for legal fees. The committee has not undertaken any other activity since the cessation of operations. Upon resolution of all legal matters, the committee intends to promptly dispose of all excess funds and terminate the committee.

Specifically, the Committee has informed the Justice Department, the House of Office of Employment counsel and the House Ethics Committee of outstanding legal issues that may require representation before those bodies. The presented legal issues include documented proof of forgery of House pay records that resulted in the theft of tens of thousands of dollars by a former employee which were unearthed during a multi year investigation of debunked allegations against Congressman Massa.

Documents related to this matter have been presented to the above mentioned agencies and the matter remains unresolved at this time.
