RE: July Quarterly Report (4/1/23-6/30/23)
Response Due Date: 11/6/23

Dear Mr. Pritchard,

This letter is in response to the Commission's letter dated October 1, 2023, which requests clarifying information related to the disclosure of one or more contributions on Schedule A which appear to exceed contribution limits.

At the time of receipt, the Committee presumptively redesignated the excessive contributions for the 2024 General Election pursuant to 11 CFR 110.1(b)(2)(ii)(B). Previously, the Committee incorrectly reported that the redesignations would be disclosed on the October Quarterly Report. The Committee has amended its July Quarterly Report to correctly disclose these contributions presumptively redesignated to the General Election at the time of receipt.

Additionally, the Committee later received notifications from the below donors that their excessive contributions, which had been presumptively allocated to the General Election at the time of receipt, should be reattributed to their spouses. These reallocations were disclosed on the Committee's October Quarterly Report.

Christopher Tayback reallocated excessive to Clare Tayback; Garry Kief reallocated excessive to Barry Manilow; Marilyn Loesberg reattributed excessive to Alan Loesberg; Charles Mostov reattributed excessive to Dori Peterman; and Peter Spears reattributed excessive to Brian Swardstrom.

The Committee takes its compliance obligations incredibly seriously and has revised its internal procedures including more internal controls to ensure all contributions are reported accurately.

If you have any additional questions, please feel free to contact the Committee.
