This Miscellaneous Report (FEC Form 99) is submitted in anticipation of the notice regarding the Pre-Primary Report for the 2026 Texas primaries.

The federal candidate associated with this committee ultimately did not register for a place on the Texas federal congressional primary ballot and instead elected to pursue candidacy and file for a state office. Accordingly, the committee did not engage in any federal campaign activity subject to the Pre-Primary reporting period for the 2026 federal elections and there are no receipts, disbursements, contributions, loans, or other reportable financial activity for that period.

The committee remains active solely for the purpose of resolving outstanding operations. It will continue to file its regularly scheduled campaign finance reports until such time as all outstanding operational activity is satisfied and the committee qualifies for termination.
