Reference: 30 Day Post-General Report (10/14/2010 – 11/22/2010)

To Whom It May Concern:

Our committee has in place a system for handling temporarily excessive contributions. We realize how important the contribution limits established by the Commission are and strive to abide by those limits and rectify all instances in the timeframe prescribed. Thus, we have reviewed all of the donations referenced in the Commission's letter and have reattributed, redesignated or refunded the required amounts for each one. These transactions in some cases have already been reported on subsequent reports or will be reflected on either amendments or regularly scheduled reports.

Upon receipt of the Commission's letter regarding 48 hour notices, we conducted an extensive review of the contributions in question. All of the contributions in question fall into one of four categories. One, many on the list were reported and appear to have been missed by the Commission. Two, many on the list were reported but on a date one day different than the original notice. This is due to the fact that these receipts were being processed by a third party and were being relayed to the campaign each day for 48 hour notices purposes. Then, a full data upload was imported for the post general report and the date in this data file was slightly different. Third, many of the notices were actually reattribution memos from contributions earlier, and outside the 48 hour notice period. They were not new contributions. Finally, it appears that some of the contributions received daily during the 48 hour notice period were duplicated when the full data file was imported. So, in fact, they were not missed notices. These contributions have been corrected and all are reflected in this amendment.

Our committee's procedures are in compliance with the best efforts and donor identification provisions cited in your letter. As an initial matter, all committee solicitations request the donor's first name, middle initial, and last name; notify the donor that the Committee is required to report occupation and employer information; and request that the donor provide such information. For those donors who choose not to provide the occupation and employer information, the Committee (within thirty days of receiving the contribution) sends the required follow-up letter, which asks the donor again to provide

11020070075

the information, and again advises the donor of the Committee's obligation to report the information. These follow up letters include a postage paid return envelope for the donor's convenience. Finally, all such information received, including the contributor's address, is reported. Any additional information received subsequent to the filing of the original report will be included on amendments to be filed by the Committee.

We have reviewed and corrected the incomplete employers and occupations contained within the original report on this amendment.

Thank you for the opportunity to respond.

Best,
Friends of Sharron Angle
