Reference: Amended 12 Day Pre-Run-Off Report (10/15/2020 - 12/16/2020), Received 01/24/2021

Bradley,

We are in receipt of the letter from the Commission regarding the above referenced report. Please see below for our complete response separated out by each point raised in your letter dated March 17, 2021.

1. Several of the chargebacks or refunds in question were for contributions that were not previously reported because the contributions in question were not above the threshold for itemization when received. Others had duplicate chargebacks included on our previous filing, something that has been corrected and properly applied in our amended filing today.
2. Due to a data entry error the re-attribution of a portion of Mr Avant's contribution was not correctly shown going to his spouse. That has been corrected in our amended filing.
3. The contributions from Mr John Dwyer were not duplicately filed in error. He made two contributions through the Tillis and Friends joint fundraising committee and both were transferred to our committee. They were both listed on our 1/24/2021 amended filing on page 109,879.
4. For the contributions from possible prohibited entities there are several where we received confirmation that it is permissible for the entity to make contributions to our committee. For those we have updated the records in the amended filing to note that permissibility and to add the contributing owner info where applicable. Any remaining contribution issues, beyond those verified as permissible, have been resolved either through previously issued refunds or by refunds that will be disclosed in future filings with the Commission.
5. For the contributions that are potentially excessive those have been resolved through various corrective actions and have been either reflected in previous filings or will be shown in future filings with the Commission.
6. For the contributions from LLCs there are several where we received confirmation that it is permissible for the entity to make contributions to our committee. For those we have updated the records in the amended filing to note that permissibility and to add the contributing owner info where applicable. Any remaining contribution issues, beyond those verified as permissible, have been resolved either through previously issued refunds or by refunds that will be disclosed in future filings with the Commission.
7. For the contributions from unregistered committees there are several where we received confirmation that it is permissible for the entity to make contributions to our committee. For those we have updated the records in the amended filing to note that permissibility. Any remaining contribution issues, beyond those verified as permissible, have been resolved either through previously issued refunds or by refunds that will be disclosed in future filings with the Commission.
