Due to a data entry error in April 2025, the committees April Quarterly Report filed on April 15, 2025 reflected an incorrect cycle-to-date reporting range, which resulted in an overstatement of the Schedule B cycle-to-date totals for that reporting period.

The committee has since filed an amended report correcting the cycle-to-date totals. No other changes were made to the report, and the amendment solely reflects corrections to the previously overstated cycle-to-date figures.
