Dear Mr. Butler:

This letter is in response to your requests for additional information, dated September 25, 2013.

1. Your letters indicate that several of the employer and occupation entries have incomplete or missing information. The Committee does follow the three-fold process of best efforts required to meet the Commission standards.

Every solicitation includes a clear and conspicuous request for contributor information and informs the contributor of the requirements of federal law for the reporting of such information. Please note that the many of the contributions are received via the internet and that the Committee's donor page will not allow a contributor to give without completing the employer and occupation information. The Committee disclosed these exactly as the contributor entered them and, in most cases, the contributor has not provided additional information.

If the information is not initially received, within 30 days of receipt, the contributor receives a request to provide this information. These requests are generally made by phone and email and by letter. This request restates the requirements. If the request is sent by mail, it includes a pre-addressed return envelope. If the information is received by the Committee, it is updated and the affected report will be amended to reflect the new information.

The above referenced reports have been amended to reflect all new donor information.

2. Your letters also indicate that the Committee has disclosed contributions from three political action committees which were not disclosed on their reports of receipts and disbursements. Rubio Victory Committee has reviewed copies of all four contributions noted and verified that each one was made payable to the Rubio Victory Committee and accurately disclosed on the above referenced reports. The Committee believes that no further action is required of it at this time.

Sincerely,
Lisa Lisker
Treasurer
