In a letter dated January 28, 2025 - the FEC requested an amended report or explanation of discrepancy regarding amended April Quarterly Report. As treasurer, I am providing the following explanation.

For a portion of 2024, the campaign consulted with an accountant who is no longer part of the team. An internal review led us to find some data entry mistakes that were causing inconsistencies. An original filing of the Q1 report had multiple duplicate deposits entered into the data system. A review of bank deposits and receipt records identified the duplicate deposits therefore resulting in a decrease in receipts in the amended filing. Please let us know if you need any additional details about this data entry error and correction.
