We The People is the most important statement in Our Constitution. Nowhere in our Constitution does it say; as long as the government is tearing away at our rights and liberties, in what they want us to believe are our best interests, that they have that right. Our constitutional rights are being taken from us and replaced with lies. I will no longer sit idly as our rights as Americans' are stripped away. When elected; I will restore all rights to all Americans without prejudice of race, religion, sexuality or sex. My focus, short and simple: restore rights to all of us. Bring our troop home folks. Afghanistan and Iraq have had more than enough time to establish their military and government. No more free amnesty, no more illegal migration. Mass deportation. Strict regulations and requirements for all non-citizens to be granted entrance into our country. Proof of citizenship will be obtained before any state or government assistance is provided. There is no "born in to" citizenship, unless you have a parent citizen. Drug-testing can and will be administered to all citizens over the age of 18 before receiving, and at time of receipt, of any or all state or government assistance. This will give the assistance to the law abiding US citizens it is intended for. Our government has over stepped its bounds. I am standing. Will you stand with me?
