The Committee received 2 contributions in the form of checks that were dated and mailed before the 2022 general election, but were not received by the Committee until several weeks after the 2022 general election. The Committee's report has been revised to reflect the fact that all contributions received after the 2022 general election have now been properly designated to the next primary election. Additionally, all "Primary 2023" erroneous designations have been corrected to "Primary 2024."
