FEC MISCELLANEOUS TEXT RELATED TO A REPORT, SCHEDULE OR ITEMIZATION

Form/Schedule: **F3A**
Transaction ID :

Please Note: This report is being amended in response to the Request for Additional Information dated December 19, 2021. The commission requested detailed information about the committee best efforts in collecting donor information. The committee currently uses the following best efforts to obtain and report all required donor information. The solicitation materials used by the committee includes a statement explaining that the campaign is required by federal law to use its best efforts to obtain and report information from the contributor. The request for the information and the best efforts notification is clear and conspicuous on the solicitation materials. The request is readable, in the same type and in a placement not easily overlooked. For donors who did not provide information with the original solicitation, the committee follows up within 30 days with a request for information that contains no additional solicitation. This follow up request informs the donor of the federal law requiring the committee to report such information. The committee includes a pre addressed envelope to return the required information to the committee. The committee additionally uses email requests where the committee has an email address but requires additional information from the donor. When the committee obtains additional information, the committee files amendments to the original report to inform the FEC of additional information. The commission requested clarifying information on the purposes for disbursements using Production and Production Expense. The committee has updated the disbursement purposes to include additional clarity on the purpose of the disbursements. The committee has amended the conduit memos to more clearly disclose which conduit memo entries correspond to the earmarked contributions. Thank you Britt for Alabama
