OCTOBER QUARTERLY REPORT

FEC ID: C00766428

The ending cash on hand on the July Quarterly Report currently says \$414,215.98. This is incorrect and due to an accounting error made in our previous reports that we are currently still working to resolve. On the October Quarterly report, you will see we made a one-time cash on hand adjustment to accurately reflect our starting cash on hand at the beginning of the period, which is \$507,585.26.

Once we resolve the issue(s), we will file the proper amendments to our previous reports to correctly reflect the beginning and ending cash on hand.
