I just filed an amendment to the April Quarterly report in response to the RFAI. Bernedette Castro has been sent a check for \$4,700 to reflect her excess contribution for the 2018 Primary. Both Renew America PAC and Republican Mainstreet Partnership PAC have redesignated their excess Primary contributions to the General Election. All of the above will be reflected in the Pre-Primary filing being submitted today. These were human oversights that have been corrected and in the future checked futher.
