Amendment - 2017 Year-End Report - This Form99 is being submitted in response to the Federal Election Commission's request for additional information dated May 17, 2018. The FEC's inquiry requests information about memo contributions from a federal joint fundraising committee, Dollars for Democrats, for which the committee reported no corresponding transfers-in. Please be informed that in 2017, the New Jersey Democratic State Committee did not request/receive any transfers-in of joint fundraising proceeds collected by Dollars for Democrats; transfers from the joint fundraising committee are not made on a regularly scheduled basis, but upon request. In the event that further information is needed in this regard, please advise the committee.
