This Form 99 Submission is in response to the Commission's letter dated 9/25/25, regarding the Committee's July Monthly Report. The contribution in question, from the American Federation of Teachers was a contribution from their Federal PAC, as indicated by the schedule provided by the Commission. However, this contribution was intended to be federal. It was communicated to the AFT via email that the contribution was federal. The AFT was sent wire transfer information for the Committee's Federal account. AFT made the transfer with clear indications that it was going to the Committee's Federal Account. Additionally, the AFT had not made any previous federal contributions to the Committee and was fully within the allowable limit. As such, the report as filed by the AFT was in error and should be amended to correctly disclose the nature of the contribution and its intent to make a federal contribution to the Committee.
