Form/Schedule: **F3XA**

This memo explains the several federal/non-federal allocable expenses reflected in Schedule E that has the '-parent' text in the description of the disbursement. These entries are for expenses that were used to support 50% non-federal and 50% federal. However, the 50% federal consist of two federal candidates. The FECfile software does not support entry for 50/50% with more than one federal candidate. Hence, upon FEC Managers and Analyst recommendation, the following steps were followed to enter these unusual expenditures: 1) There is a parent entry is reported in line 21(a) where the entire amount is reported and the 50% federal piece is calculated via unique identifier. This entry is then reflected in Schedule E since it is an independant expenditure, however, the candidate name field is left blank. 2) The parent entry is split and reflected in Schedule E as two seperate memo entries. These memo entries matches that of the parent entry except that the federal amount only reflects the amount that was allocated to each specifiied federal candidate. In a 50/50% scenario, this is usually allocated at 25% to one federal candidate, and 25% to the other. Each parent entry is followed by its two relating federal candidate memo entry. Percentage allocation varies depending on its unique identifier.
