Please note that the Committee's software vendor calculates the calendar-year-to-date per election totals somewhat differently than the FEC's reporting software calculates these expenditures. Rather than immediately count the independent expenditures that are first disclosed as memo entries, as the FEC's software does, the Committee's software does not add the cost of an independent expenditure to the calendar-year-to-date per election for office sought total until the independent expenditure is actually paid. Accordingly, only when the committee discloses payment of the independent expenditures, will our totals match the Commission's totals.
