Dear Bradley:

Team Herschel, Inc. (FEC ID# C00787853) has responded promptly to all previous Requests for Additional information, however after our communications this month, the committee would like to add some additional information for the record in this Form 99 specifically for the Pre Run Off and Post Run Off reports.

The Committee responds as follows:

Pre 12 Day Pre Run Off 2022 Report

Excessive Contribution Items

- 1.Hardeman, Bryan—The \$2500 memo entry on 10/3/22 is an incorrect memo entry. The \$2500 donation on 10/8/22 was redesignated to the Recount Fund on 11/16/22. We have corrected the date to reflect 10/8/22 as the original donation date, and this was shown on the amended 12 Day Pre Run Off report.
- 2.Love, Robert—The \$100 memo entry on 10/10/22 is an incorrect memo entry. The \$100 donation on 10/7/22 was redesignated to the Recount Fund on 11/16/22. We have corrected the date to reflect 10/7/22 original donation date, and this was shown on the amended 12 Day Pre Run Off Report.
- 3.Roberts, Gary—We have taken \$151 of the contribution refund on 12/11/22 and allocated it to the general election instead of the Run-Off election. This was shown on the amended 2022 Post Run Off report.
- 4.Stamile, Bruce—As noted earlier in this response for the October Quarterly report, \$1435 of the \$5500 7/6/22 chargeback has now been allocated to the general election instead of all of it being allocated to the primary election as was originally reported and this correction was shown on the amended 2022 October Quarterly report.
- 5.Wilson, Ransom--\$125 of the \$1340 Run Off election contribution refund on 11/16/22 has been designated as a general election refund instead. This was shown on the amended 12 Day Pre Run Off report.

Non Federal Committees

- 1.Camariollo Rep Women Federated
- 2.Citizens For Rick Jasperse (\$1000 refunded on 11/9/22)
- 3.Columbia Cty Republicans
- 4.Committee To Elect Jesse Petrea (\$1000 refunded on 10/28/23)
- 5.Friends Of Shelly Echols
- 6.Matt Brass For State Senate
- 7.Powhatan County Republican Committee

We have sent letters to each committee confirming with each of them the rules as they pertain to non-federal committees,

and the contribution limits and source of funds for each contribution they made to our committee are federally permissible. We have asked each committee to advise our committee if any refunds are required back to them based on the federal campaign finance rules. Those that have had full or partial refunds are noted above. The Committee can thus confirm that all funds retained from these donations are permissible under federal regulations.

2022 30 Day Post Run Off 2022 Report

Excessive Contribution Items

- 1.Allen, Brad—The \$2000 contribution refund on 11/9/22 should have been designated as for the Run-Off Election instead of the general election. This has been corrected and was shown on the amended 12 Day Pre Run Off report.
- 2.Arvig, Allen—The \$275 contribution refund on 11/9/22 should have been designated as for the Run-Off election instead of the general election. This has been corrected and was shown on the amended 12 Day Pre Run Off report.
- 3.Hammond, Andrea—The \$150 contribution refund on 2/24/23 should have been designated as for the Run-Off election instead of the Recount Fund. This has been corrected and was shown on the amended 2023 April Quarterly report.
- 4.Hoffman, Richard—Only \$300 of his 9/30/22 contribution was redesignated to the Run-Off election and not \$400. This has been corrected and was shown on the amended 2022 October Quarterly report.
- 5.Jahns, Richard—Due to the sheer volume of many hundreds of donations that this contributor made during a very short period of time and the fact that there were subsequently dozens of redesignations and refunds already attributed to the donor the Committee, in an abundance of caution, will defer to your outline of his current status and refund him an additional \$1730.05 on 8/12/23 for the Run-Off election. This will be shown on the 2023 October quarterly report to be filed on Oct 15, 2023.
- 6.Leonard, Steve—The \$2900 refund on 10/19/22 was originally allocated to the general election but should have been for the Run Off election. This has been corrected and was shown on the amended 12 Day Pre General Report.
- 7.Moore, Abner—The \$200 contribution refund on 11/9/22 was originally allocated to the general election but should have been for the Run Off election. This has been corrected and was shown on the amended 12 Day Pre Run Off report.
- 8.Peck, John--\$200 of the \$2,200 contribution refund on 9/23/22 has been allocated to the Run Off election instead of the general election. This has been corrected and was shown on the amended the 2022 October Quarterly report.
- 9.Richardson, Roberta—The committee had two separate records for this donor at two separate addresses-one using her PO Box and one for her home address. After merging these two records the committee agrees with your analysis that there was no redesignation done during the required time period. The \$58 was refunded to the donor on 8/12/23 and will be shown on the 2023 October quarterly report to be filed on October 15, 2023.
- 10.Simmons, Annette—The \$2900 contribution refund on 12/17/22 was originally allocated to the Run Off election, but should have been for the general election. This has been corrected and was shown on the amended 30 Day Post Run Off report.
- 11.Weiner, Robert—The \$671.50 contribution refund on 11/9/22 was originally allocated to the general election, but should have been for the Run Off election. This has been corrected and was shown on the amended 12 Day Pre Run Off report.
- 12.Williams, John—The \$1000 contribution refund on 11/9/22 was originally allocated to the general election, but should have been for the Run Off election. This has been corrected and was shown on the amended 12 Day Pre Run Off report.

Through this response, the Committee can confirm, as you requested, that the appropriate steps are being taken for each donation in question and no further action is required under Commission regulations for these particular contributions at
