We are responding to your November 20 letter concerning the committee's September 11 payment of $52,851.89 to NY Fairness PAC. Your letter "notes [the committee's] explanation regarding the committee's corrective action taken for the apparent prohibited contribution/transfer.? This evidently refers to the committee's October 24 response to the Reports Analysis Division's September 19 letter inquiring about the committee's previous disclosure of the now-previous underlying debt to NY Fairness PAC on Schedule D-P.   Our October 24 response accurately described the composition and circumstances of that debt, and its repayment on September 11.

Your current letter asserts that "NY Fairness PAC appears to be a committee established by the candidate for a non-federal election campaign.? That is incorrect. NY Fairness PAC was established in 2018 as, and remains, a "Type 2? "political action committee? under the New York Election Law and the rules of the New York State Board of Elections. It is not a "Type 1? "Authorized Single Candidate Committee,? which is the type of state committee in New York State to which 11 C.F.R. 110.3(d) applies. Mayor Bill de Blasio has been term-limited in his current office since the 2017 New York City mayoral election and he is not a candidate for any other nonfederal office.

Your letter also states that the committee "must amend [its] original report with the clarifying information? if "any apparently prohibited contribution/transfer was incompletely or incorrectly disclosed.? The committee has since determined that the total at issue that NY Fairness PAC paid was $52,133.29, so $718.60 less than originally calculated and reported as a debt to NY Fairness PAC, and so the repayment of that debt was correspondingly higher as well. The committee will amend its reports accordingly.
