All items reported as debts for this period are not, in fact, debts. These are amounts that were both invoiced in and paid in the month of June for Independent Expenditures made in May that were part of estimated IE reports and for which no actual balance was invoiced prior to close of books. The Committee does not agree that a debt can exist prior to it being invoiced for an actual amount that it does not know it owes. However, this Committee is reporting this activity in this bizarre manner which muddles the public record at the express direction of its FEC RAD analyst.
