The designation of more than one contribution for the general elections for this committee or committees was the result of a coding error in the AICPA PACs software that is applicable to the 2018 election cycle. While the software assured that when the actual check sent to the candidate committee was created it accurately indicated that the contribution was intended for the primary or general election, the software contained an error that defaulted to the designation for the general election for recordkeeping purposes. As a result, when the software generated the monthly report information for the FEC Schedule B, it failed to differentiate between a contribution that was made for the primary or the general election, and identified all contributions as being for the general election, despite the fact that the actual check contained the proper designation. Our software vendor has corrected this coding error.
