To Whom It May Concern,

This Form 99 serves to clarify that for contributions received in the 2023-2024 cycle, the aggregate total for the election cycle for each contributor does not exceed \$200 for Line 11(a)(ii).

This Form 99 clarifies the Committee’s “Best Efforts” procedures. The Committee has demonstrated the necessary steps to establish best efforts to obtain and disclose the full identification of al individuals who contribute in excess of \$200 in an election cycle.

These efforts include: We request contributor information in an initial solicitation (clear, conspicuous request informs contributor of federal law). We then send a stand alone letter, email, or oral request over the phone that requests the information no later than 30 days after receipt of contribution. The second request is documented in writing for oral requests. The second request clearly informs the contributor of the federal law for reporting such information. In this second request the Committee supplies a pre-addressed post card or envelope if the request is sent by mail. The second request does not include an additional solicitation. When committee receives we will either file amendment or files memo(s) on sch. A of next report.

Thank you  
Nancy Marks  
Treasurer
