The committee identified that a duplicate organization entry was included in the original filing of the 12 Day Pre Primary Report.
This duplication occurred due to a data entry error when preparing the report.

Upon discovery of the issue, the committee reviewed the filing and submitted an amended report to correct the duplicate entry so that the report accurately reflects the committees financial activity.

No other changes were made to the report aside from correcting the duplicate organization listing. The amended filing should now reflect the correct information.

Please let us know if any additional information is required.
