77256

The committee has received your letter dated September 28, 2025 regarding the July Quarterly Report.

The three donors you identified had been issued refunds in Q1 that were not cashed. In June the original checks were voided and reissued. The software the committee uses did not itemize the entries voiding the original refunds. The committee has amended the July Quarterly report with those voids itemized to clarify the public record.

This should satisfy both questions in your letter. If you need any additional information please contact the committee.
