This replies to your request for additional information regarding the Committee's July Quarterly Report, covering activity from April 1, 2023, through June 30, 2023.

The Committee strives to timely and accurately report all contributions received before the filing deadline. In this case, contributions totaling \$12,000 were included on lines 11(a)(i) and 11(c) of the original report, but were subsequently removed from the Committee's receipts on the amended report because they were intended for another committee and inadvertently included on the Committee's original report. The Committee discovered the misreported contributions shortly after the filing deadline and promptly filed an amendment to correct the issue within one week of filing the original report.
