Re: Doggett for Congress: ID Number C00286500
FEC Inquiry of 10/30/2022
Amended October Quarterly Report 2021, Received 10/15/2021

Dear Mr. Furman:

This letter will respond on behalf of Doggett for Congress (the Committee) to the FEC's letter of inquiry dated 10/30/2022.

The letter of inquiry asked for more specific information about Committee receipts in the amount of \$11,000 included in amended 2021 third quarter reports.

The first amendment was filed on January 18, 2022. It included information on a 07/21/2021 contribution which was inadvertently omitted from the original filing.

The second amendment, filed on 10/15/2022, included information on three contributions dated 09/30/2021 and 09/23/2021 that were inadvertently omitted from the original filing.

The 07/21/2021 contribution was missed in preparing the original third quarter report as a result of confusion about the intended recipient of the contribution. The Committee's staff reviewed correspondence from the contributor, the Longshoremen's PAC, and incorrectly concluded that the contribution was intended for another recipient. The Committee's staff accordingly did not include the contribution in the original report, but in early 2022 the Committee ascertained that the contribution was in fact intended for the Committee and reported it in an amended report.

The contributions dated 09/30/2021 and 09/23/2021, both received in the last ten days of the reporting period, were forwarded to Committee staff in an e-mail from the Congressman that was overlooked. These contributions were from AFSCME PAC, the Dentists PAC (both 09/30/2021) and from J Street PAC (09/23/2021). The Committee discovered that the contributions had been deposited but not reported when the contributors raised questions about the contributions not appearing in the third quarter report. The amended report was timely filed after the error was discovered.

Rep. Lloyd Doggett

WORKS FOR US

The Committee makes every effort to track and report all contributions accurately, and these four contributions, which were temporarily overlooked, represent a very small percentage (less than 1%) of the Committee's receipts during the current election cycle, which had already exceeded \$1,000,000 by the end of the third quarter of 2022. To prevent a recurrence of the mistakes that led to the need for amended reports, the Committee is taking measures to make sure that all staff understands the need to timely document and if necessary, confirm the source and amount of all contributions received.

Sincerely,

James E. Cousar
