I write regarding the response by Working America Coalition (the "Committee") to your Request For Additional Information ("RFAI") concerning the 30 Day Post-General Report filed on 12/8/2016.

The Committee prepared an amendment to the 2016 Post-General Report to be filed in response to the RFAI, as indicated in the first Miscellaneous Response (Form 99) filed on July 20, 2017.

However, when the Committee attempted to file the amended report, it received the following error message from the FEC:

"UNKNOWN ERROR WITH FILING. PLEASE RETRY"

The Committee tried to file the report numerous times with the backdoor password you provided on July 20, 2017, but continued to get the same filing error. However, the Committee was able to file its amendment to the Pre-General Report using this same filing method, despite using four different computers to attempt to file. The Committee further notes that the error message detailed the process and indicated that the file had been uploaded to the FEC and that the FEC was ?processing [the] report? before a status response with the above error message was displayed.
