

This is in response to the letter dated 11/27/08 referencing the August Monthly Report (7/01/08-7/31/08):

- None of the expenditures made for 'Finance mailing - not FEA', 'Envelope printing - not FEA', 'Postage for finance mailing - not FEA', 'Prospecting calls - not FEA' and 'Sound equipment rental - not FEA' were made on behalf of specifically identified federal candidates.

- The payment for "Polling retainer" was federal election activity, specifically voter identification on favorability and issues, and should have been reported on Line 30(b) instead of Line 21(b). This correction has been made on the amended report.
