5400.00

The diagram shows a cross-section of a material with three distinct layers. The top layer is a thin, solid horizontal line. Below it is a thicker layer represented by a rectangle with a dashed line inside, indicating a different material or a cavity. The bottom layer is a horizontal line with several small, rectangular protrusions or features. Labels 'a', 'b', and 'c' are positioned to the left of the top, middle, and bottom layers respectively.
