To whom it may concern . MY FEC analyst requested Clarification on my campaign account status .
As of 11/21/2025 there is in fact a positive balance of \$ 8,247.73
I am aware of discrepancy showing a false negative that occurred in the third Quarter reporting of the 2024 election cycle . That particular filing was Validated with an acceptance letter from the FEC . It never showed up on my system , while the FEC acknowledged the report was in , likewise it didn't show up in any retrievable part of the system .
My analyst connected me with a Specialist who after I completely re created the file , had me do a disk copy and walked me through the submission of that disk file . Somehow the balance of that 3rd Quarterly filing showed close to \$ 20,000.00 less than the factual balance of my Campaign account closer to the election , noticeable in both Pre and Post election filings as well as the 4th Quarterly report a False Negative showed in the computer system .

When in Fact I ended the Year of 2024 of between \$ 10,000.00 and \$ 12,000.00 in the Green . I am well aware that in 2025 Disbursements have been higher than donations but not by much , a few Thousand . The current Balance is Factually as I typed above at a positive \$ 8,247.73 .

I do hope this clarification helps .
Respectfully
