To whom it may concern,

This letter is in response to the FEC's request for additional information, dated November 26, 2023.

It has come to the committee's attention that the April 15th, 2023 report incorrectly listed the cycle-to-date total operating expenditures as \$234,490.80 as the result of a database error. The April 15th report has been amended to show the correct cycle-to-date total operating expenditures of \$239,490.80.

The committee will also amend subsequent filings to include the correct cycle-to-date total for operating expenditures.

Please contact the committee if any further information is required.
