RE: FEC ID #C00648493, April Quarterly Report (02/26/2026 – 03/31/2026)

Dear Mr. Dobi,

We are writing in response to the Commission's letter dated June 29, 2026, which requests clarifying information regarding a possible excessive contribution on Schedule A and contributions received after the 2026 primary election that are designated for the 2026 primary.

Upon review, the Committee discovered duplicate contact records in the Committee's software for Eileen May Van Valzah due to different spellings. When the Committee combined the records, they realized they were excessive and made the appropriate redesignations and reattributions however no amended report was filed to correct public record. The Committee has now amended reports from 2025 and 2026 to ensure these contributions are within the limits.

The Commission also notes contributions that were received after the 2026 primary that were designated for the primary. Although these contributions were received after the primary, they were all made prior to the primary which is what determines which per-election contribution limit the funds count against.

If you have additional questions, please feel free to contact the Committee.

Sincerely,

Michelle M. Scheffki
Treasurer
