Form/Schedule: SA15      Determination of usual and normal charges for Enhanced Voter File Access was calculated by the total cost of developing and hosting our online voter file and dividing it by the number for records within the file as well as the presumed number of overall users. The cost to the organization is then determined by the number of records requested and the length of time access will be granted. i.e. Statewide or congressional charges are based on the number of records in the district or entire states as requested. This same methodology is utilized for any and all entities that purchase the committees voter file.
