Reference: July Quarterly Report (6/6/24-6/30/24)

Dear Ms. Schleyer-Hinchey:

This letter is in response to your request for additional information dated December 9, 2024.

1.Your letter indicates that the Committee disclosed one or more contributions that appear to exceed the limits set forth in the act. The Committee is aware of the contribution limits. In the case of an individual, if the contribution cannot be presumptively reattributed to a spouse or redesignated to a subsequent election, the Committee either sends a verified reattribution letter or refunds the excessive portion within 60 days of receipt. The Committee sends all presumptive reattribution and redesignation letters within 30 days or receipt and always gives the donor the option of making a change or requesting a refund. When the Committee receives contributions from other political committees that cause an excessive total, the Committee contacts the other political committee and requests a verified redesignation. If this is not received, the Committee issues a refund. The following is a response to each contributor listed in your letter:

Israel Berkowitz: \$800 was refunded on 8/29/24. This was disclosed on the October Quarterly Report.

Ken/Kenneth Fisher: This donor was a duplicate in the system. When the excessive contributions were discovered, a refund in the amount of \$3300 was issued on 10/17/24 for the 2024 Primary and a refund in the amount of \$3300 was issued on 10/17/24 for the 2024 General. These were disclosed on the Post General FEC filed 12/5/24.

Jeffrey Silverman: This donor was a duplicate in our system. When the excessive contribution was discovered, a refund in the amount of \$1807.69 was issued on 10/17/24 for the 2024 Primary. This was disclosed on the Post General FEC filed 12/5/24.

2.Your letter indicates that contributions received after the date of the primary were designated for the primary and the Committee disclosed no primary debt. The only new contributions received after the date of the primary were transfers from Joint Fundraising Committees. These transfers only included funds from contributions received by these authorized committees on or before the primary date. It is permissible to receive transfers from authorized committees after the primary that include contributions dated on or before the primary. The only other contribution disclosed dated after the primary was a reattribution of a contribution from Anna Chen dated 5/13/24, which is before the primary. These funds were reattributed to Thomas Chen on 6/30/24. Because the original contribution was received on or before the primary date, it is permissible to reattribute it as a primary contribution.

3.Your letter indicates that the Committee disclosed one or more contributions from LLC's that may be incorporated. The Committee verifies that all contributions from partnerships and/or LLC's and are made with permissible funds. The Committee also confirms that these entities are not treated as corporations by the IRS. In addition, the Committee requests partner attributions for all such contributions. If the Committee receives the partner attribution after the original contribution has been disclosed, the partner details will be disclosed as memo entries on a future report.

4.Your letter indicates that the Committee failed to file 48 hour notices for 3 contributions received prior to the primary. Daniel Taylor was received through direct mail and the Committee did not receive notification of that

contribution until early July. The other two contributions were sent as wires and the Committee bank was unable to provide the wire details in a timely manner, which prevented the filing of the 48 hour notice. The Committee made every effort to file all 48 hour notices and did file over 45 notices timely.

Thank you for bringing these items to our attention.

Sincerely,

Lisa Lisker
Treasurer
