On Monday December 27, 2021 Erik Aadland announced that he would be transitioning his campaign from a run for US Senate to run for US Congress in Colorado's 7th District. On December 27, 2021 the Campaign Committee filed a New Form 2 to register the candidate for The US House. On December 30, 2021 the Campaign Committee Aadland for Senate changed their name to Aadland for Colorado and the Campaign will no longer be accepting contributions or making expenditures toward the US Senate race for Colorado. The only outstanding loan was by the candidate toward electing the candidate and therefore there are no obligations that will hinder him from the transition to US House District 7.

Respectfully,

Tom Bjorklund
Treasurer- Aadland for Colorado
