This letter is in response to the Commission's two Requests for Additional Information dated June 7, 2018 related to the February and March Monthly reports.

The Committee spoke with the FEC analyst on July 12, 2018 and it was discovered that Campaign HQ was erroneously listed as a transaction in question on the RFAI for the February Monthly report and instead should have been listed as Connell Donatelli.

All independent expenditures in question filed on 48 hour reports were budgeted estimates and the Committee ultimately did not spend funds planned for those activities.

The Committee would like to note that it did make payments to the following vendors during the reporting periods in question but each payment was reported on separate 48 hour reports than the estimates and did not relate to the budgeted activity of the estimates.

- 1.Connell Donatelli- Two payments for independent expenditures disseminating during the February monthly reporting period and filed on the following 48 hour notice reports, FEC-1196692 and FEC-1206220.
- 2.Right Country Lists- Two payments for independent expenditures disseminating during the March monthly reporting period and filed on 48 hour notice report FEC-121271.
