Now a quote from George Washington: ?However [political parties] may now and then answer popular ends, they are likely in the course of time and things, to become potent engines, by which cunning, ambitious, and unprincipled men will be enabled to subvert the power of the people and to usurp for themselves the reins of government, destroying afterwards the very engines which have lifted them to unjust dominion.? It's time to make America great again. Elect Reece Prue President of the United States and destroy the political machine that is the Washington system. No more lobbyists, make the elections equal for all citizens.
