Except as specifically identified, no expenditure was made on behalf of a specifically identified federal candidate, and no expenditure was for a public communication that referred to a clearly identified candidate for Federal office and that promoted, supported, attacked or opposed any such candidate for Federal office. Except as specifically identified, no expenditure was for a public communication or voter drive activity containing express advocacy or that referred to a clearly identified candidate for Federal office and that promoted, supported, attacked or opposed any such candidate for Federal office. The payments disclosed on Schedule B for Line 21(b) for fundraising activities did not constitute public communications that referred to a clearly identified candidate for Federal office and that promoted, supported, attacked or opposed any such candidate for Federal office. While these disbursements were eligible for allocation using the funds-received method, the Committee elected to pay these expenses with 100% federal funds. No employee of the Committee spent more than 25% of compensated time during any month within the reporting period engaged in Federal Election Activity. Payments for salaries and related fringe benefits disclosed on Schedule H4 are for employees who spent less than 25% of their time engaged in activities in connection to any federal election. No transfer from a national party committee was used for an impermissible exempt expenditure during the reporting period. The Committee provided certain employees to work under the direction of the Republican Party of Louisiana. Due to a software limitation, the value of the personnel and attendant costs could not be shown on Line 22 as a transfer because that line does not allow itemization of the costs provided in-kind. At the recommendation of the Reports Analysis Division, these payments are reported on Line 23, Contributions to Other Committees, in order to provide the fullest disclosure of the transactions. Discrepancies exist in the year-to-date totals for allocated expenditures and Levin expenditures. This is a result of a change in calculation related to rounding of percentage allocations by the committee's software vendor. Each error is 30 cents or less and has not been corrected. Total disbursement total is correct.
