Reports Analysis Division
Federal Election Commission
999 E Street, N.W.
Washington, D.C. 20463

ID Number: C00660795

Reference: October Quarterly Report (07/01/2021 09/30/2021)

To Whom It May Concern,

We are in receipt of the letter from the Commission regarding the above referenced report. Please see below for our complete response.

1.We are aware of the permissible sources for federal campaigns. When the entity type for a contribution is in question, we send out documentation to confirm that the contribution is permissible. In the case detailed in your letter, we did not receive back that confirmation and the contribution was refunded on 9/30/2021.

2.We are aware of the limits set forth by the Commission for our donors.

a.The contribution from Elizabeth/Elisabeth Allison was a database error. As soon as we learned of the error, we merged the names and refunded the donor the excessive contribution. This will be reflected in our next regularly scheduled report.

b.The contribution from Bob/Robert Brockie was a database error and the excessive portion had been redesignated and will be reflected in our next regularly scheduled report.

c.The contribution from Ed/Edward Doherty was a database error and the excessive portion had been redesignated and will be reflected in our next regularly scheduled report.

d.The contribution from Evan Hafer was mistakenly reported on the July Quarterly as a memo item. The July Quarterly report has been amended to correct this error.

e.The contribution from Pat/Patrick Moran was a database error and the excessive portion had been redesignated and will be reflected in our next regularly scheduled report.

f.The contribution from Geoffrey Rehnert was mistakenly reported on the July Quarterly as a memo item. The July Quarterly report has been amended to correct this error.

g.The contribution from Kathy Walgreen was a database error. As soon as we learned of the error, we merged the names and refunded the donor the excessive contribution. This will be reflected in our next regularly scheduled report.

3.We are aware of the limits set forth by the Commission for our donors. We refunded Dale Precoda and Sharon Leal Salon as soon as possible.

4.We are aware of the rules regarding election periods and thank you for bringing this to our attention. We apologize for this error and have corrected all the erroneous contributions to reflect the correct election period of Primary 2022.

5.We are aware that there was \$11,200 in uncashed refunds and apologize for the delay in rectifying this situation. Charles Cusumano was originally refunded \$11,200 because he was excessive, but he reached out to the campaign and stated that there are three people by the name of Charles Cusumano that the contribution was made from. They have nearly identical names and addresses on their checks. We were able to work with the donor to differentiate who the contribution was supposed to be attributed to and then refund them the correct amount. We amended the 2019 Q3 and the Pre-General 2020 to correct the contributions.

6.Our committee does have in place a system that meets the best-efforts standard established by the Commission. All our original solicitations have the request for employer and occupation information on them. We inform the potential donor that we are required by federal law to request this information. For the donors that do not provide that information, we automatically send them a written request for it within 30 days. This follow-up does not request any additional monies, includes a pre-addressed return envelope, and again informs the person of the federal requirement for requesting this information. Finally, we add the new information to our database and include it in amended reports filed with the commission and subsequent reports going forward.

7.We are aware of the permissible sources for federal campaigns. When the entity type for a contribution is in question, we send out documentation to confirm that the contribution is permissible. In the case detailed in your letter, we received back confirmation that these were permissible funds, but that information was inadvertently left off the report when we filed. This has been updated.

Thank you for the opportunity to respond. Please contact us if you need any additional information.

Sincerely,

Paul Kilgore, Treasurer

Dan Crenshaw for Congress
