REFERENCE: YEAR-END REPORT (10/01/2015 - 12/31/2015)

Dear Mr. Matheson,

This Form 99 is in response to the Commission's letter dated February 29, 2016 and to explain the Q3 Amendment that seeks to correct the issues raised by your request for additional information. The Commission requested additional information on two items.

1. Redesignation of General Election Contributions:

The committee has made the determination that it should refund all funds received in connection with the general election and continues to make efforts to ensure that all refunds have been fully processed.

The committee diligently employs methods to maintain compliance with FEC regulations and to properly obtain and account for reattributions and redesignation of general election funds. As noted later in this submission, several redesignations that were actually completed did not properly appear on the originally filed reports. As a result the October Quarterly and Year End reports have been amended with the updated, accurate information. Please see below for a more detailed description.

2. Schedule B-P Contribution Refunds:

Your letter highlighted a number of donors that either appeared to have made an excessive contribution, or appeared to have been refunded contributions that were not reported. We have reviewed these contributions and in so doing have confirmed that all donors are within contribution limits and that all contributions were reported in the appropriate report.

However, in an effort to refund General dollars promptly, Scott Walker Inc.'s reporting software created an error in the way the general election contributions were reported. In several cases, the general election contributions were inadvertently redesignated to the primary instead of the general election or were redesignated to the general after the submission of the Q3 report, but within 60 days of the contribution. The Q3 Amendment reflects the correct designation of the general funds that were subsequently refunded.

These incorrect designations in the October Quarterly Report led to the majority of the issues raised in your letter. Below, each donor at issue in the October Quarterly and the Year End Reports is addressed:

- ARNOLD, DANIEL Excess \$2,700 redesignated to the general and refunded
- BERG, JAMES Jim Berg and James Berg were merged and \$5,400 general dollars were refunded
- BIERMAN, BROCK Excess \$2,700 redesignated to the general and refunded
- BLACK, KAREN Excess \$350 redesignated to the general and refunded
- BYRNS, JUANITA F Excess \$1,000 redesignated to the general and refunded
- CANNING LUPO, ELIZABETH Excess \$2,700 redesignated to the general and refunded
- CANNING, MICHAEL G Excess \$2,700 redesignated to the general and refunded

In addition, there were some issues raised by your letter that were not corrected by the October Quarterly Amendment, so the committee has submitted an additional amendment to the Year End report as well.

This amendment also corrects the purpose description for the following two donors:

Daniel Linehan - The disbursement to Daniel Linehan of \$3,293.58 was incorrectly labeled as a contribution refund and has been corrected to reflect its purpose as a reimbursement for event and catering expenses.

Carla Sands - The disbursement to Carla Sands of \$3,382.66 was incorrectly labeled as a contribution refund and has been corrected to reflect its purpose as a reimbursement for event and catering expenses.

Please feel free to contact me with additional questions or concerns.

Sincerely,

Kate Lind
