In response to the Request for Additional Information dated 4/15/2026, the committee had amended all filings from the Q3 2024 through Year End 2026 after it discovered that WinRed Technical Service credit card processing fees had not been properly accounted for. In doing so, the Post-Election 2024 amended report did not include the committee's debts as those debts had subsequently been paid prior to the end of the Q1 2025 report and were no longer in our compliance software as debts. Also, the line items of amended reports did not correspond due to an error in the threshold dates of the Year End 2025 amended report. I have amended the reports which now accurately reflect the Post-Election 2024 debt and the remaining debt on the Year End 2025 report. The threshold dates of Year End 2025 report have also been corrected and the line items of the amended reports correspond with the previous reports.
